

**IN THE SPECIFICATION**

On page 1, please replace the paragraph beginning at line 4 with the following:

The invention concerns a disk for a force transmitting aggregate, in particular for a fluid disk clutch according to the pre-characterizing portion of Claims 1 and 13 as well as a friction lining for a disk of this type.

On page 3, please replace the paragraph beginning at line 4 with the following:

This task is inventively solved by a disk or, as the case may be, a friction lining; with the features of the characterizing portion of Claim 1.
